All statements in this presentation (and oral statements made regarding the subjects of this presentation) other than historical facts are forward looking statements within the meaning of Section 21E of the Securities Exchange Act of 1934, as amended. These statements may include words such as "guidance," "anticipate," "estimate," "expect," "forecast," "project," "plan," "intend," "believe," "confident," "may," "should," "can have," "likely," "future" and other words and terms of similar meaning in connection with any discussion of the timing or nature of future operating or financial performance or other events. These forward looking statements rely on a number of assumptions concerning future events and are subject to a number of uncertainties and factors that could cause actual results to differ materially from such statements, many of which are outside the control of Externan Corporation ("Externan", "we," "our" or "us") which could cause actual results to differ materially from such statements. Examples of forward looking information in this presentation include, but are not limited to: the industry fundamentals, including the attractiveness of returns and valuation, stability of cash flows, demand dynamics and overall outlook, and our ability to realize the benefits thereof; our expectations regarding future economic and market conditions and trends; our operational and financial strategies, including our underlying assumptions, planned capital expenditures and growth activities, our ability to successfully effect those strategies and the expected results therefrom; our financial and operational outlook, our ability to fulfill that outlook; demand and growth opportunities for our products and services; statements related to performance, profitability, structural and process improvement initiatives, the expected timing thereof, our ability to successfully effect those initiatives and the expected results therefrom and the operational and financial synergies provided by our size.

Any such forward looking statements are not guarantees of performance or results, and involve risks, uncertainties (some of which are beyond our control) and assumptions. While we believe that the assumptions concerning future events are reasonable, we caution that there are inherent difficulties in predicting certain important factors that could impact the future performance or results of our businesses. Among the factors that could cause results to differ materially from those indicated by such forward-looking statements are: local, regional, national and international economic conditions and the impact they may have on Externan and its customers; Externan's reduced profit margins or loss of market share resulting from competition or the introduction of competing technologies by other companies; Externan's ability to secure new product sales customers; conditions in the oil and gas industry, including a sustained imbalance in the level of supply or demand for oil or natural gas or a sustained low price of oil or natural gas; Externan's ability to timely and cost-effectively execute projects; Externan enhancing its asset utilization, particularly with respect to its fleet of compressors; Externan's ability to integrate acquired businesses; employment and workforce factors, including the ability to hire, train and retain key employees; Externan's ability to accurately estimate costs and time required under Externan's fixed price contracts; liability related to the use of Externan's products and services; changes in political or economic conditions on currency repatriation; risks associated with Externan's operations, such as equipment defects, equipment malfunctions and natural disasters; risks associated with cyber-based attacks or network security breaches; any non-performance by third parties of their contractual obligations, including the financial condition of our customers; changes in safety, health, environmental and other regulations; and Exterran's indebtedness and its ability to fund its operations, c

Any forward looking statement speaks only as of the date on which such statement is made and obligation to correct or update any forward looking statement, whether as a result of new information, future events, or otherwise, except as required by applicable law. These forward looking statements are also affected by the risk factors, forward looking statements and challenges and uncertainties described in the 2018 Form 10-K for the year ended December 31, 2018, and those set forth from time to time in our filings with the Securities and Exchange Commission, which are currently available on the SEC's website, www.sec.gov. The discussion of these risks is specifically incorporated by reference into this presentation. Except as required by law, we expressly disclaim any intention or obligation to revise or update any forward looking statements whether as a result of new information, future events or otherwise.
